RECLIVED

MAR 0 6 2023

Department of Water Resources Eastern Region

Meeting called order by Darrell Ward - 6:00 PM

Attendees: See attached "Water District 29-O Bannock Creek Drainage Annual Meeting" sign in sheet.

Nominations for Chairman: Nominated were Darrell Ward. Hans seconded nomination Darrell was voted in as chairman.

Minutes from 2022 read by Darrell.

Minutes taken by Richard

و ا

Richard was nominated as water master seconded by Justin and the vote was unanimous.

Budget proposal; 2022 budged was discussed and an ending balance of \$382.56 to be transferred to business savings which was \$4694.36 with the addition of 2022 carry over would give the business account a balance of \$5076.92. The 2023 budget of \$4,500.00 was approved by a unanimous vote.

The advisory committee members are Jason Williams, David Lusk, Hans Hayden, Vance Ward and Ken Campbell. A motion by Hans keep the same members and seconded by Stu vote was unanimous.

The resolutions were review and no changes made, Stu moved that we accept the resolutions as written and was seconded by David vote was unanimous.

Idaho Department of Water Resources Sr. Agent Jared Adamson attended our meeting. Jared talked about the forming of other water districts. The fact our district was the first monitor both surface water and ground water. Questions were asked about the water call of 2022 for district 120 and the probability of water calls affecting 290 in the future. The fact that the Fort Hall Reservation separates 290 from 120 would leave us unaffected. Jared stated that there would be a meeting sometime in the summer of 2023 and that an invitation to the 290 water users would be forth coming.

There was discussion on the water usage monitored by the BIA, Tribe and WD 01. Steve Visosky and Richard spent several hours going over the watermaster report which is reviewed by Idaho Department of Water Resources Boise & Idaho Falls, BIA, Tribe and WD01. Steve stated that our conversations go a long way in helping him understand the complex distribution matters in your district. One of the topics that will be discussed is the Epuitable Adjustment, as mentioned in the Fort Hall Agreement, now that the protected users have surpassed the 2,400 AFA total for three years in a row.

Discussion of the batteries in the flow meters and the importance of maintaining them. This is the responsibility of the water user. The down time of the meter creates a situation where an estimation of water application must be established. The process of establishing the estimation must be documented in the watermaster report so that all parties will understand.

Next year's meeting date. 1st Wed in March at 6 P.M. 3/6/2024 at the Arbon School, 4405 Arbon Valley Hwy Arbon Idaho 83212

Hans made a motion to adjourn the meeting and was seconded by Jason vote was unanimous.
